

## Suite Hire - Hospitality 2010

## Introduction

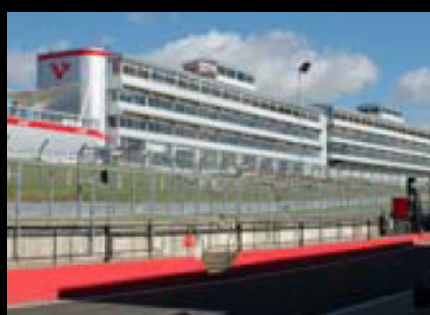

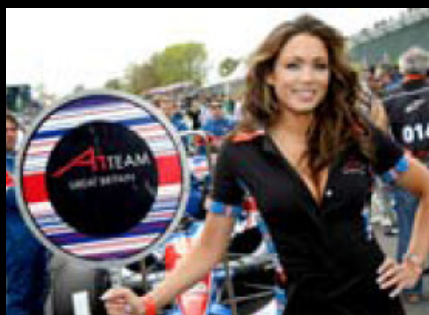

Watching from the trackside is one thing, but having your own private hospitality suite puts you and your guest's right in the heart of the event, with superb viewing of one of Britain's leading circuits Brands Hatch. We provide a relaxed and comfortable suite for up to 25 guests, with views of the full Indy circuit, so you are never far from away the hustle and bustle of a race weekend.

Each event will be designed to meet your requirements, including catering options to suit all budgets and a complimentary bar. We can also include accommodation and travel arrangements to and from the circuit so your guests arrive relaxed and ready to enjoy a days racing.

Our dedicated team which between us has 20 years of motorsport experience from club racing to the exclusive F1 Paddock Club will always be on hand to ensure every time you entertain or want to be entertained, the day runs like clockwork, allowing you to either spend more quality time with your guests or just generally relax and enjoy the entertainment.

Having raced ourselves, we know the pressures on you at a race meeting, trying to keep your sponsors entertained is not easy while you and your team have a job to do!

We at Edge can work with you to insure your sponsors are entertained and looked after, leaving you to get on and race.

Edge Sporting Events can offer the suite for your company to use not only at weekends for the prestigious motor racing events, but also for leisure and business during the week if you require. Think of it as an extension of your company headquarters; your own personal facility in which to entertain and build relationships with clients, to motivate and reward your team, or as an inspiring 'get away from it all' venue for meetings with a difference. We can even make your days really special by adding a hands on track event with instruction to bring your meeting to a close.
